Special rates for large advertisements and yearly contracts.

The right of publisher is reserved to decline any advertisement or other matter for publication.

Announcements for political offices must invariably be accompanied by the cash.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of THE BOURBON NEWS will be gladly corrected if brought to the attention of the editor.

EDITORIAL FLINGS

The oldest Odd Fellow is dead at the age of ninety-two years. This is a fairly good testimonial for longevity as lodge members go, but we will not commit ourselves to an endorsement until we know the secret order to which Uncle Johnny Shell belongs.

Since the scarcity of domestic help drove so many men into the field of housework that had for centuries been monopolized by women a great many labor-saving appliances have made their appearance, and many more are said to be on the way. We do not see how women have stood the eternal monotony so many years. It is not that housework is so all-fired hard, but it's so darned regular.

Those Paris girls who have worn Cinderella slippers all winter without suffering from the cold could afford to go barefooted this summer—and they'll do so if it happens to be "the style."

The birds are saying "Good-bye, winter," which makes us all feel like going fishin' and forgetting the winter, but when we look at the gas bill and think about the birds, too, it seems like somebody made a mistake.

With blue law officials taking the sun out of Sunday and police, deputy sheriffs, constabulary and Federal agents taking the moon out of the other six days, about all the average citizen sees is the stars.

The Paris man who asks a druggist to diagnose his case is a tightwad who regards the Paris physicians as superfluous middlemen, and he is wrong in believing he can get a pint of the sure cure without the regular prescription.

In the days of old it was considered necessary to have chaperons at dances, in Paris as well as elsewhere. Since modern reforms have been inaugurated it seems necessary to have prohibition enforcement officers at these functions in the future.

After reading details of movie-land's latest scandal a friend of ours exclaimed, in a disgusted tone: "They've hired the wrong Bill!" And when we asked him to explain, he said: "They've employed Bill Hays, but the man they really need is Bill Sunday."

Said a man who had come Down from Mars As he stood on a corner, "My Stars, Took me two million years To travel down here And yet I must wait On the cars."

RECOUNT AT MAYSVILLE GIVES JANUARY OFFICE

A. M. January, Republican candidate for County Clerk of Mason county, was conceded the election, by a majority of three votes, following recount of the ballots cast in twelve out of thirteen precincts, in Circuit Court, at Maysville, J. J. Owens, Democratic aspirant, contested January's election on the face of returns showing a majority of one.

Those who dance should pay the fiddler; and those who sit off in a corner and hold hands should chip in, too.

SUCCESS OF BURLEY ASSOCIATION IS ASSURED

The large sales of tobacco by the Burley Society both to the big manufacturing companies and to the independents, at good prices, make sure the success of the Burley Tobacco Society.

From what we can gather, nearly 50,000,000 pounds of tobacco, or more than a third of the crop, has already been sold and the average price is not below twenty-five cents. This is more than double what the crop averaged last year. Of course, there is a very small crop and the prices would have naturally been better than they were last season, but the Burley pool materially added to what the prices would have been if there had been no co-operative marketing and the buyers fixing the price entirely by themselves.

Those on the outside of the pool have been able also to get a good price this year, but if our information is correct they have not done as well as those on the inside of the pool.

Next year they will be left out in the cold entirely, as the Burley Society will have its tobacco on the market as early as those on the outside. We insist that every grower should join the organization for the next year's crop and we believe that most of them will. The Burley Society is a sure go and a brilliant success from the start, and the knackers on it now will be few and far between.

THE INFLUENZA PERIL

Influenza which in 1918 swept over the country with the most terrible harvest of death ever caused by contagion in this country, is now prevalent in New York City. It would seem to have spread through communication from Great Britain and France, where it got started some weeks ago.

Previous experience should convince the public that this disease spreads quickly into all parts of the country. People everywhere must be on their guard against it. Those who have common colds should nurse them. Many persons spread the infection by going about their business when they should be at home in bed, and under a doctor's care.

If people are heedless with this peril, there may be another great swath of death. But if they will take precautions, they have sufficient advance notice so that the more fatal infection can be checked before it makes serious ravages.

ASSOCIATION SELLS BIG LOT OF OF TOBACCO

Additional sales of tobacco totaling several million pounds, one of five hundred thousand pounds, which was purchased by a local representative of one of the manufacturers were announced by President and General Manager James C. Stone, of the Burley Tobacco Growers' Co-operative Association.

President Stone declined to give the names of purchasers or the price realized for the tobacco, but said the price was satisfactory from the standpoint of the growers.

President Stone declared himself optimistic as to the tobacco situation generally, declaring that the present feeling of contentment among the organized growers would be increased when their final return from the sale of the crops are received.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (adv-T)

USERS OF ADDING MACHINES

For your convenience we are now carrying a stock of the best adding machine rolls and can supply you with one or a dozen at a time. This is a fine linen bond paper and absolutely lintless.

THE BOURBON NEWS,
JOB DEPARTMENT.

Many Bug Varieties.

We have in the United States a long list of insects we usually designate as beetles. There are some 15,000 different kinds of them, and they range in size all the way from little ones that it almost requires the use of a microscope to see, to such giants as the Spotted Horn beetle.—American Forestry Magazine.

It is a fine thing to be able to make an excuse, but it is a much finer thing not to have to make it.

R. R. MAN LOST FORTY POUNDS IN SIX WEEKS

Was Going Down Hill So Fast He Became Alarmed Over His Condition—Tanlac Quickly Ended the Trouble and Put Him Back on His Feet.

"I fell off forty pounds in six weeks' time and was very much alarmed about my condition. I am feeling fine now though and have regained fifteen pounds of my lost weight," said James H. Johnson, 1725 Crip Street, Louisville, Ky., well-known railroad man, in relating his experience with Tanlac.

"I was very much worried, as I had tried practically everything I ever heard of, but just getting worse right along. I was just about ready to give up in despair when I started taking Tanlac on the advice of a fellow railroad man.

"That medicine was just what I needed, and I'm convinced that when it comes to building a man up and making him feel strong and vigorous Tanlac hasn't an equal."

Tanlac is sold in Paris by Roche's Drug Store and all leading druggists. (adv)

BURLEY ASSOCIATION RECEIPTS ARE NOT NEGOTIABLE

Chief of the Field Service Division Joseph Passonneau, of the Burley Tobacco Growers' Co-operative Association states that the participation receipts or certificates of the Burley Association are not negotiable and that speculators who attempt to purchase them may lose their investments.

Colonel Passonneau said further that in case the growers really needed money and were compelled to borrow it, they could obtain it from their bankers, with whom arrangements have been made for the growers to get money on their certificates. Colonel Passonneau said:

"Inquiries have come to the Association regarding the negotiability of participation receipts held by members of the Association. They are not negotiable. The Association could not legally accept or recognize endorsements of these receipts. Persons purchasing them probably will lose their investments.

"Arrangements have been made with the bankers of the Burley district, however, whereby loans may be obtained by members from their local banks on their participation receipts. Members will probably realize from the Association on their tobacco at least three times as much as the amount of their first advances. Bankers realize this, and are, therefore, willing to loan their customers a certain amount, taking their participation receipts in the final returns from the sale of their tobacco, as surety.

"The manner in which the banks of the tobacco district are supporting the Association and its membership certainly demonstrates the great interest which the bankers have in the tobacco industry and their splendid understanding of the extent to which the economic prosperity of Kentucky depends upon the success of the tobacco grower. Every farmer in Kentucky should be proud of the bankers of the State.

"Members of the Association should not hypothecate their participation receipts, if they can possibly avoid doing so. If they are forced to borrow money on these receipts from their bankers, they should be very conservative in the amount which they request. But if they really have to have money, they should go to their local banks and consult them about it."

WATCH YOUR KIDNEYS

Inhaling the fumes of turpentine and white lead often weakens the kidneys. That's one reason why so many painters have had backs and sick kidneys. Exposure, frequent colds and chills and the strain of climbing up and down ladders help start the trouble.

If your back aches, if sharp pains strike you in the back when stooping, lifting or working; if you have headaches, dizziness, rheumatic pains; if the urine is discolored or passages painful and scanty, try Doan's Kidney Pills, the remedy so widely used and so well recommended by men in the painting trade. Here's a Paris testimony:

Ed. Richardson, painter and decorator, 552 Vine street, says: "I am a painter by trade and handling so much turpentine and inhaling its fumes is what I blame for the cause of the trouble. Many a night I was annoyed by the frequent action of my kidneys and would have to get up many times to pass the secretions and this greatly disturbed my rest. I had dizzy spells and felt sick all over until I got Doan's Kidney Pills at Oberdorfer's Drug Store. I used several boxes as directed and they fixed me up in good shape."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Richardson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

LET'S HAVE KENTUCKY BOARD OF CENSORS

The bill recently introduced in the Kentucky Legislature providing for a board of moving picture censors is a move in the right direction. Kentucky people have had to look on some of the immoral or suggestive pictures that other States with censors would not tolerate. Without censors the good and the bad are so mixed that it is not possible to enjoy the privilege of seeing good pictures without running the risk of having the children see pictures they ought not to see.

The movies are morals of the coming generation to an extent not generally realized. The great moving picture industry is improving in quality of pictures shown, but it needs further purging, and the wholesome effect which the censorship would give.

If the proposed bill should fail, then Kentucky towns should adopt ordinances making it illegal to show pictures not passed by the Ohio Board of Censors or the National Board of Review. The real friends of the movie industry are those who enjoy good pictures and would insure the future of the industry by eliminating pictures objectionable on moral grounds.

BOURBON CATTLE IN CHICAGO LIVESTOCK SHOW

The annual Shorthorn congress show and sale will be held in Chicago, February 21 and 22, Goff & Rice, of Paris, and W. J. and B. A. Thomas, of Shelbyville, are the Kentucky breeders who are making consignments to this show and sale. Goff & Rice are selling five yearling heifers, four of which are sired by their herd bull, Liberty Stamp. The Thomas consignment consists of three head of yearlings by Imp. Harvestoun Grandee. This bull sired the grand champion female at the last International and his get have been prominent prize winners wherever shown. Two hundred and twenty-five head of registered Shorthorn cattle will be sold during this sale and they are drawn from the best herds of America.

FARM LOAN BONDS

The twelve Federal land banks of the country have just offered \$75,000,000 of 5 per cent. Federal farm loan bonds at the price of 103 3-8 and accrued interest, at which price they will yield approximately 4.70 per cent. to callable date and 5 per cent. hereafter.

Secretary of the Treasury Mellon said: "This is the largest offering of farm loan bonds ever made, but in view of the generally favorable trend of the investment market and the continued strong showing of the Federal loan banks, it is believed that it will be readily absorbed, and as the funds will go direct to the farmers of the country it should do much to improve the agricultural situation."

WANTED

Man with car to sell low priced Graham Tires. \$130.00 per week and commissions.

GRAHAM TIRE CO.,
1427 Boulevard, Benton Harbor, Mich.

Appropriate Selection.

Having just finished his sermon on "Gossip and Slander," a minister in the suburbs announced the hymn, "I Love to Tell the Story."—Boston Transcript.

People for Whom the Best is None Too Good

Are always the most enthusiastic concerning the excellence of our Dry Cleaning and Dyeing

We have one of the most efficient Remodeling Departments in the country. Furs transformed into the mode very quickly. Men's and women's garments altered in any way desired.

We dye fur skins and remodel them in any way.

We tailor make men's or ladies' suits, \$50.00 up. Latest styles. We pay \$2.50 railroad fare on every custom-made suit ordered from us. Send goods parcel post. We have no agents.
